

Income-Qualified Weatherization

No-Cost Improvements for Big Savings

Eligible income-qualified customers can schedule a no-cost weatherization to improve the comfort and performance of their home, while lowering energy bills. Not the homeowner? Permission from the property owner is needed before permanent products are installed.

A no-cost weatherization may include:

- Analysis of heating and cooling system to determine operating efficiency
- On-the-spot installation of all or some of the following energy-saving products:
 - LED bulbs
 - Duct sealing
 - Programmable thermostat
 - Energy efficient sink faucet aerators
 - Energy efficient showerhead(s)
 - Water heater pipe wrap
 - Furnace filter whistle
- Inspection of insulation levels

Eligibility requirements

- Must be a NIPSCO residential customer with active service.
- Receive Low-income Home Energy Assistance (LIHEAP or EAP), or
 - Temporary Assistance for Needy Families (TANF), or
 - Supplemental Security income (SSI), and
 - Household income from 2020 tax return is at or below 200% of the Federal Poverty Level.
- Home has not had a NIPSCO-sponsored weatherization in the past 3 years
- Home has not had a NIPSCO Virtual Home Energy Assessment in the last 12 months.
